The City of Santa Maria is located on the US 101 Freeway in the Central Coast of California at the north end of Santa Barbara County. It is approximately 65 miles northwest of Santa Barbara and 150 miles northwest of downtown Los Angeles. Its estimated 2025 population was 112,208, making it the most populous city in the Santa Maria-Santa Barbara, CA Metro Area. The city is notable for its wine industry and Santa Maria-style barbecue. Sunset magazine called Santa Maria “The West’s Best BBQ Town”.

The Santa Maria Valley stretches from the Santa Lucia Mountains toward the Pacific Ocean, and was the homeland of the Chumash people for several thousand years. In 1769, the Portolá Expedition passed through the Santa Maria Valley during the first Spanish land exploration up the coast of Las Californias Province and the city was soon established. In the late 19th century, after California gained statehood in 1850, the area’s rich soil attracted farmers and other settlers. By the end of the century, the Santa Maria River Valley had become one of the most productive agricultural areas in the state. Santa Maria, along with the neighboring Lompoc, Los Alamos and Santa Ynez Valleys, combine to create one of the nation’s largest wine-producing regions, referred to as the Santa Barbara Wine Country.
